Queridos padres, tutores y familias
Dear parents, guardians and families,

I would like to share with you some of the Spanish the children have been learning recently. Children are doing a fantástico job. I invite parents to enjoy in their child`s Spanish learning at home, and in the process this can help consolidate your child`s Spanish phrases they have been learning. From my experience learning the English language, I have to say that it is very important to practise and repeat the new words or phrases you learn very often; otherwise, they can easily be forgotten.

Below are the greetings the children have been learning which they can practise at home:

- **hola** (hello)
- **Me llamo _____ (My name is ______)**. To learn this new expression there is a video on youtube called Rosie & Andy - Como te llamas? What's your name? Here is the link to the video: https://www.youtube.com/watch?v=ij5R1YTG48Q.
- **buenos días** (good morning)
- **buenas tardes** (good afternoon)
- **buenas noches** (good night)
- **¿cómo estás? muy bien, gracias (how are you? very good, thanks)**
- **adiós** (goodbye)

Your children, I'm sure might be very happy to hear Spanish in other environments too, as this would help build their encouragement! There are many other videos available on youtube that your children might like to watch and listen to in Spanish.

Saludos,
Regards,

Señorita Irene
