This is a great opportunity for our new students to visit classrooms and meet fellow students and teachers. It is also a chance for parents to find out some information about our school and its routines.

Teachers and students have already started to think about the end of year concert. Along with the Art Show these are two of our highlights for the year. It is a great opportunity to showcase the wonderful work that our students do in both performing and visual arts and it is always a lovely relaxing evening for parents to sit back and enjoy.

Finally, our Grade 6 students have entered their last term of primary school life. Can I remind them all to put in maximum effort to everything they do over the next 11 weeks and to enjoy this time together. This will be the last opportunity you have to spend time with some of your fellow students. Make the most of it so that you can look back in the years to come with fond memories.

Building Works

Our building works will most likely continue for a couple more weeks. As I have said before, our main priority is student safety and all areas where work is occurring will be fenced off. This will cause some disruption to the school community and at times there will be parts of the school that will be completely closed off. One of the areas of work is the pathway into the school from Lachlan Street. At some stage this gate will be closed and students and parents will need to enter the school from Mailey Street. I understand that this will be inconvenient for some families and I ask for your patience during this time.

Hope everyone has had a great week.
